

## YEARLY STATUS REPORT - 2020-2021

<b>Part A</b>	
<b>Data of the Institution</b>	
<b>1.Name of the Institution</b>	AMOLAKCHAND MAHAVIDYALAYA, YAVATMAL
• Name of the Head of the institution	Dr. Rammanohar A. Mishra
• Designation	Principal
• Does the institution function from its own campus?	Yes
• Phone no./Alternate phone no.	07232244687
• Mobile no	9890047278
• Registered e-mail	mishrarammanohar@gmail.com
• Alternate e-mail	amyt1401@sgbau.ac.in
• Address	Godhani Road
• City/Town	Yavatmal
• State/UT	Maharashtra
• Pin Code	445001
<b>2.Institutional status</b>	
• Affiliated /Constituent	Affiliated
• Type of Institution	Co-education
• Location	Rural

• Financial Status	UGC 2f and 12(B)				
• Name of the Affiliating University	Sant Gadge Baba Amravati University, Amravati				
• Name of the IQAC Coordinator	Dr. A. B. Lad				
• Phone No.	8793662341				
• Alternate phone No.	9822460072				
• Mobile	9028618156				
• IQAC e-mail address	iqacamvytl@gmail.com				
• Alternate Email address	drajay_lad@rediffmail.com				
<b>3.Website address (Web link of the AQAR (Previous Academic Year))</b>	<a href="https://amolakchandmahavidyalaya.ac.in/admins/upload_files/81448-aqar_2019_20.pdf">https://amolakchandmahavidyalaya.ac.in/admins/upload_files/81448-aqar_2019_20.pdf</a>				
<b>4.Whether Academic Calendar prepared during the year?</b>	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	<a href="https://amolakchandmahavidyalaya.ac.in/admins/upload_files/94925-academic_calendar_2020_2021.pdf">https://amolakchandmahavidyalaya.ac.in/admins/upload_files/94925-academic_calendar_2020_2021.pdf</a>				
<b>5.Accreditation Details</b>					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	C++	2.67	2004	08/01/2004	07/01/2009
Cycle 2	B	2.29	2016	05/11/2016	04/11/2021
<b>6.Date of Establishment of IQAC</b>			22/08/2009		
<b>7.Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,</b>					
Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount	
NIL	NIL	NIL	NIL	00	
<b>8.Whether composition of IQAC as per latest NAAC guidelines</b>			Yes		

<ul style="list-style-type: none"> <li>• Upload latest notification of formation of IQAC</li> </ul>	<a href="#">View File</a>
<b>9.No. of IQAC meetings held during the year</b>	<b>2</b>
<ul style="list-style-type: none"> <li>• Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website?</li> </ul>	<b>Yes</b>
<ul style="list-style-type: none"> <li>• If No, please upload the minutes of the meeting(s) and Action Taken Report</li> </ul>	No File Uploaded
<b>10.Whether IQAC received funding from any of the funding agency to support its activities during the year?</b>	<b>No</b>
<ul style="list-style-type: none"> <li>• If yes, mention the amount</li> </ul>	
<b>11.Significant contributions made by IQAC during the current year (maximum five bullets)</b>	
IQAC facilitated the rapid transition to online education by providing training to faculty and students on using digital tools and platforms for remote learning. The IQAC ensured that the teaching-learning process continued smoothly.	
IQAC monitored the quality of online teaching and assessment methods, ensuring that they met academic standards, and helped faculty adapt their teaching strategies to the online environment.	
IQAC helped to design fair and reliable online examination systems to maintain academic integrity, and also addressed issues related to accessibility and fairness in assessments.	
IQAC supported faculty and students in conducting research and publishing papers related to the pandemic's impact.	
IQAC maintained records of all activities and submitted reports to accreditation agencies and government bodies, demonstrating their commitment to quality assurance during the pandemic.	
<b>12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year</b>	

Plan of Action	Achievements/Outcomes
To promote the research culture in the institute.	Faculty members and researchers published 56 research papers in various journals of national and international repute attended conferences and published 23 books and chapters in books.
To enhance/ increase laboratory equipment's and Computers.	The institution purchased laboratory equipment's of 10.1 Lack and 7 computer system worth of Rs. 2,75,600 during the academic session 2020-21.
To organize workshops/ training programs/ lectures/Quiz.	<ul style="list-style-type: none"> <li>• Workshop on "Assessment and Accreditation" was organized in association with RUSA.</li> <li>• Workshop on Applications of UV-VISIBLE and IR Spectroscopy was organized.</li> <li>• Webinar on the latest developments in Green Chemistry was held.</li> <li>• Webinar on consumerism and financial literacy amid COVID-19 lockdown was conducted</li> <li>• Financial awareness and consumer training were provided</li> <li>• International Women's Day Webinar on Sexual harassment of women at the workplace was organized in collaboration with Amolakchand Law college</li> <li>• International Women's Day Webinar on Women Empowerment was conducted</li> <li>• Online workshop on "SAP implementation swachhata action plan" was organized.</li> </ul>
<b>13. Whether the AQAR was placed before statutory body?</b>	No
<ul style="list-style-type: none"> <li>• Name of the statutory body</li> </ul>	

Name	Date of meeting(s)
Nil	Nil

**14. Whether institutional data submitted to AISHE**

Year	Date of Submission
2020-2021	07/08/2022

**15. Multidisciplinary / interdisciplinary**

Our institution, which encompasses faculties of Humanities, Commerce, and Science & Technology, with a diverse range of courses, faced significant challenges during the entire academic session 2020-21 due to the COVID-19 lockdown. The institute traditionally offered a wide array of science courses (Physical, Chemical, Life, Mathematical, and Computer Sciences), Humanities subjects (Literature, Political Science, History, Philosophy, Economics, and Music), and various disciplines within Commerce & Management for both undergraduate and postgraduate degree programs.

Additionally, the institute provided ample research opportunities across all three faculties, offering PhD programs in eight subjects. Our faculty and research students were encouraged to engage in interdisciplinary and multidisciplinary research projects.

Building upon our current programs, courses, and well-established infrastructure, our institute considered the possibility of introducing both Multidisciplinary and Interdisciplinary Courses. Currently, we offer three undergraduate programs with a choice of 16 subjects, ten postgraduate programs, and eight research programs. Furthermore, our Parent Institution operates a Multidisciplinary Law College.

This unique blend of core subjects and interdisciplinary approaches aims to provide students with diverse career prospects. Despite the challenges posed by the COVID-19 lockdown, our college maintained a total enrolment of more than 3500 students.

**16. Academic bank of credits (ABC):**

Our institution is affiliated with Sant Gadge Baba Amravati University, Amravati, and hence we are obligated to adhere to the courses, syllabi, and other regulations mandated by the university. During the entire academic session 2020-21, when the government imposed a complete Covid-19 lockdown, institution faced unique

challenges.

To adapt to this situation, we encouraged students to explore online courses offered by reputable Higher Education Institutions (HEIs) where they could earn credits. Additionally, in alignment with the implementation of the National Education Policy, our affiliating university initiated the introduction of a Choice Based Credit-System. This system was first implemented at the post-Graduate level and gradually will be extended to the Undergraduate level.

The Academic Bank of Credits (ABC) was envisioned to serve as a digital platform enabling students to manage credit recognition, accumulation, transfers, and redemption. It's important to note that, at the time, our university was in the preparatory phase of implementing this initiative. We anticipated registering for the ABC in the near future to further enhance the academic experience for our students during these challenging times.

#### **17.Skill development:**

During the entire academic session 2020-21, amidst the Covid-19 lockdown, the affiliating university embarked on implementing a learning outcome-based curriculum framework for the UG program. This initiative aligned with the goals of the National Education Policy (NEP), aimed at enhancing the quality of education. The framework emphasized the translation of academic research into practical innovations for socio-economic development.

To diversify learning modes, the university encouraged and promoted alternative approaches like open and distance learning, along with the introduction of Massive Open Online Courses (MOOCs) to empower students in developing their skills.

Furthermore, the university enhanced students' bench skills by introducing various practical components, including project work, summer training programs, internships, and industrial training. Additionally, the university introduced career-oriented programs and skill courses such as Clinical Laboratory Technology, Stock Marketing, Tally, Insurance, Digital Affiliate Marketing, Analytical Chemistry, Fashion Designing, and more at the UG level. These courses featured flexible entry and exit mechanisms, accommodating students' diverse interests.

With a wide array of programs and courses, students enjoyed significant flexibility in crafting their individual curricula,

including the selection of specific subjects. Throughout this period, the institute also organized various educational events:

- On July 16, 2020, a workshop on IR-UV was conducted.
- On July 24, 2020, a webinar focusing on Green Chemistry took place.
- On July 26, 2020, a webinar delving into Consumerism and Financial Literacy was held.
- On January 21, 2021, a National Webinar on Innovation in Education and Research was hosted, showcasing the institution's commitment to educational advancement and research excellence.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

The COVID-19 lockdown during the entire academic session of 2020-21 prompted a significant shift in the way education was delivered in India. One of the key aspects that emerged during this period was the exploration of an appropriate integration of the Indian knowledge system into the education system. This integration encompassed teaching in Indian languages, incorporating Indian culture, and leveraging online courses.

The lockdown period highlighted the need to make education more accessible and inclusive. Many students did not have English as their first language, and the abrupt shift to online learning made it evident that teaching solely in English posed challenges, particularly in science subjects. To address this, the teachers delivered educational content in regional languages. This move ensured that students understood concepts more effectively in their native language, fostering a deeper understanding of subjects.

The lockdown period allowed for a reevaluation of the curriculum to better incorporate Indian culture, history, and values into the education system. This move aimed to provide students with a more holistic education that not only imparted knowledge but also nurtured an appreciation for their cultural roots.

The lockdown forced institutions to swiftly adapt to online learning platforms. While this was initially a necessity due to the pandemic, it also opened doors to greater flexibility in the curriculum.

Integrating the Indian knowledge system into education wasn't just

about content but also pedagogy. The lockdown period allowed for the exploration of more experiential and hands-on learning methods, which were in alignment with traditional Indian teaching practices. This approach aimed to move beyond rote learning and encourage critical thinking and problem-solving skills.

Emphasizing the Indian knowledge system also brought attention to issues of accessibility and equity in education. Efforts were made to bridge the digital divide, ensuring that students from all socio-economic backgrounds could access quality education. Teachers were encouraged to prepare subject material and to translate vocational courses and value-added online courses into the regional language. Teachers were suggested to write scientific articles in the local newspapers and deliver popular science lectures in the regional languages. Some parts of the syllabi of subjects like Botany and Literature were based on traditional and ancient aspects to promote regional knowledge and culture.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

During the academic session 2020-21, due to the Covid-19 lockdown, various educational initiatives and policies faced unique challenges:

- In light of the Covid-19 lockdown, NEP-2020's emphasis on hands-on learning encountered limitations, as students were unable to participate in practical activities or real-world applications of their knowledge.
- The pandemic disrupted the ability of students to engage in research-based internships with local industries and businesses, hindering their opportunities to gain practical experience and industry exposure.
- Covid-19 restrictions made it challenging for students to actively engage with local communities, impacting their ability to develop a sense of social responsibility and a broader perspective on their studies.
- Many events like Tech-Fests, Science Fairs, and Innovation Competitions had to be cancelled or shifted to virtual formats, affecting students' opportunities to explore the practical aspects of their learning and express their creativity.
- The pandemic's impact on research and intellectual property creation varied, with some projects delayed or adapted to remote work, potentially affecting their commercialization prospects.
- Research internships with faculty and researchers faced

disruptions due to lockdowns, impacting students' exposure to cutting-edge research and innovation.

- The institutions had to adapt their assessment methods to the remote learning environment, facing challenges in measuring program outcomes, program-specific outcomes, and course outcomes effectively.

## **20.Distance education/online education:**

The Covid-19 lockdown during the academic session 2020-21 had a profound impact on the field of education, particularly in the context of online education. This period forced educational institutions worldwide to rapidly adapt to new modes of teaching and learning, and it brought about several key consequences and challenges:

With physical classrooms no longer an option, the institution was compelled to shift to online platforms for delivering lectures and conducting assessments. This sudden transition required significant adjustments from both teachers and students. Many teachers had quickly learned to use online tools and adapted their teaching methods.

One of the most critical issues that emerged was the digital divide. Not all students had equal access to the necessary technology and a stable internet connection. This divide became a major barrier to effective online education, as some students struggled to participate fully in their classes.

Online education raised concerns about the quality of instruction. Traditional classroom interactions, hands-on activities, and practical experiments were often difficult to replicate in a virtual setting. Some students found it challenging to engage with the material without face-to-face interactions.

Extended periods of isolation and screen time took a toll on students' mental health and well-being. Lack of social interaction, increased screen time, and the stress of adapting to a new learning environment contributed to feelings of anxiety and depression among students.

The lockdown exacerbated existing educational inequities. Students from disadvantaged backgrounds faced more significant challenges in accessing resources and support for online learning, potentially deepening educational inequalities.

On the positive side, the pandemic forced teachers to explore innovative teaching methods and educational technologies. Many teachers developed creative ways to engage students and enhance the online learning experience.

The experience of the 2020-21 academic session highlighted the need for educational institutions and governments to be better prepared for future crises. This includes investments in digital infrastructure, teacher training for online pedagogy, and strategies to address the digital divide.

## Extended Profile

### 1.Programme

1.1	379
Number of courses offered by the institution across all programs during the year

4.1 Total number of Classrooms and Seminar halls	<b>24</b>
4.2 Total expenditure excluding salary during the year (INR in lakhs)	<b>39.65518</b>
4.3 Total number of computers on campus for academic purposes	<b>66</b>

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The institution offered a diverse range of undergraduate (UG) and postgraduate (PG) programs, affiliated with SGB Amravati University. The institution prioritized effective curriculum delivery, following the university's prescribed curriculum, and engaging faculty members in curriculum design.

During the challenging 2020-21 academic session due to Covid-19, the institution swiftly transitioned to online learning and utilized various platforms like Teachmint, Zoom, Google Meet, Google Classroom, and Google Forms, along with virtual labs and YouTube videos. Faculty members created engaging content, including PowerPoint presentations, practical experiment videos, and conducted seminars and group discussions.

The institution encouraged faculty members to participate in training sessions essential for acquiring online teaching skills. Faculty members provided students with e-books and digital study materials.

Engagement and interaction were maintained through discussion forums, virtual classrooms, and online quizzes, recreating the classroom experience virtually. New assessment methods like take-home assignments and virtual presentations ensured fair evaluation.

The institution maintained clear communication with students and parents through social media, messages, and virtual meetings. They offered counselling services to support emotional well-being. Continuous feedback from students helped enhance the online learning experience.

#### 1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

During the 2020-21 academic session, the institution faced significant challenges due to the Covid-19 lockdown. The pandemic had forced a shift to online learning, disrupting traditional academic calendars. Despite these obstacles, the institution successfully adapted. To maintain the academic calendar, the institution swiftly transitioned to virtual classes, ensuring students had the necessary technology and connectivity.

The institution also adjusted Continuous Internal Evaluation (CIE) to online formats, including quizzes, assignments, and secure online examination proctoring. Faculty members played a crucial role by innovatively engaging students and preventing academic dishonesty

through plagiarism detection tools. Faculty members also honed skills in online assessment design, virtual classroom management, and technology utilization for monitoring. Practical components in courses posed a challenge, but the institution explored virtual labs and remote monitoring for assessments.

Additionally, the institution provided counselling services and virtual events to combat student isolation. Security and ethics were prioritized in handling personal information and assessment data. The institution closely followed government and university guidelines related to Covid-19.

In response to reduced face-to-face interactions, continuous feedback mechanisms were emphasized. This included regular online meetings, feedback sessions, and open communication channels to address student concerns.

Throughout the lockdown, the institution's commitment to academic calendars and student well-being remained unwavering.

### 1.2.2 - Number of Add on /Certificate programs offered during the year

#### 1.2.2.1 - How many Add on /Certificate programs are added during the year. Data requirement for year: (As per Data Template)

00

File Description	Documents
Any additional information	No File Uploaded
Brochure or any other document relating to Add on /Certificate programs	No File Uploaded
List of Add on /Certificate programs (Data Template )	No File Uploaded

### 1.2.3 - Number of students enrolled in Certificate/ Add-on programs as against the total number of students during the year

00

File Description	Documents
Any additional information	No File Uploaded
Details of the students enrolled in Subjects related to certificate/Add-on programs	No File Uploaded

## 1.3 - Curriculum Enrichment

### 1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human

## Values, Environment and Sustainability into the Curriculum

During the Covid-19 lockdown in the 2020-21 academic session, the institute faced unprecedented challenges in delivering education. The institution was affiliated with Sant Gadage Baba Amravati University Amravati. The curriculum was designed by the Board of Studies of concerned courses and programs. In response, the teachers of the institution integrated crosscutting issues like Professional Ethics, Gender, Human Values, Environment, and Sustainability into their online teaching.

Students were encouraged to analyse the ethical aspects of pandemic-related decisions, such as vaccine distribution and lockdown measures. The institution also addressed gender disparities exacerbated by the pandemic, urging students and staff to explore gender-sensitive issues like the impact on gender roles, domestic violence, and gender equity in healthcare. The lockdown prompted a reevaluation of human values, solidarity, and compassion. Students learned how empathy could drive effective healthcare and social cohesion.

Environmental aspects were not ignored either. Students studied the environmental impact of the pandemic and the importance of sustainable healthcare practices. An interdisciplinary approach was adopted, with faculties collaborating across departments. This holistic approach helped students connect ethics, gender, human values, environment, and sustainability. Virtual platforms were leveraged for teaching, using resources, webinars, and forums for in-depth exploration.

In adapting to the Covid-19 lockdown, the institution not only overcame challenges but also prepared students to be socially aware, responsible, and adaptable citizens in an ever-changing world by integrating these crucial crosscutting themes into their virtual education.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

During the Covid-19 lockdown throughout the entire academic session of 2020-21, the institution faced unprecedented challenges in maintaining the quality of education and ensuring that all students received appropriate support. The institution assessed students' learning levels and tailored programs for advanced and slow learners. A multifaceted approach involved comprehensive subject-based assessments encompassing tests, quizzes, assignments, seminars, group discussions, and projects.

Teachers analysed the data to categorize students as advanced, average, or slow learners. Advanced learners were provided with enrichment opportunities such as advanced courses, mentorship, and academic competitions. Virtual assistance was arranged for slow learners, including personalized tutoring, remedial classes, and study plans. Additional resources were supplied to help slow learners catch up, and teachers closely monitored their progress.

The institution also fostered parental involvement, particularly for slow learners, through regular communication. This ensured a supportive home learning environment and kept parents informed about their child's progress.

In conclusion, during the Covid-19 lockdown in the 2020-21 academic session, the institution addressed diverse student needs. By assessing and implementing special programs for advanced and slow learners, the institution aimed to enable every student to succeed despite pandemic disruptions. These efforts not only supported academic growth but showcased the adaptability and resilience of the institution during unprecedented times.

File Description	Documents
Any additional information	<a href="#">View File</a>

## 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

During the 2020-21 academic session, the institute faced unique challenges due to the COVID-19 lockdown. To tackle these challenges, the institution embraced student-centric approaches, including experiential learning, participative learning, and problem-solving methods, to enhance the quality of education.

With physical classrooms being inaccessible, teachers turned to virtual platforms to offer experiential learning opportunities. Students engaged in hands-on activities and virtual experiments, gaining practical insights into their subjects. Online simulations replaced laboratory experiments, ensuring continued interaction with the material.

The shift from traditional lectures to interactive methods was crucial. Video conferencing and discussion forums facilitated class discussions, debates, and group projects, fostering a sense of community among students despite physical separation.

Problem-solving methodologies became prominent, encouraging critical thinking and adaptability. Assignments tackled real-world pandemic-related challenges, promoting innovative solutions and making learning more meaningful. Digital literacy skills became essential as students navigated various online tools, collaborated remotely, and managed their time independently, skills valuable in today's tech-driven world.

Online education's flexibility allowed tailored experiences, with adaptive learning platforms identifying areas needing extra support for personalized interventions.

The COVID-19 lockdown pushed the institution to innovate, adopting student-centric methods that enriched learning experiences and equipped students with essential skills.

These adaptations showcased the resilience and adaptability of both teachers and students in the face of unprecedented challenges.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

During the 2020-21 academic session, teachers faced unprecedented challenges due to the COVID-19 lockdown. To ensure educational continuity, they turned to Information and Communication Technology (ICT)-enabled tools. This shift included utilizing video conferencing software like Zoom, Teachmint, Google Classroom, and Google Meet. These tools enabled interactive virtual classes resembling traditional in-person teaching, with presentations, discussions, and student engagement.

Additionally, teachers leveraged ICT to create and share digital learning materials like e-books, video lectures, and quizzes, ensuring access to educational content when physical materials weren't feasible.

The teachers maintained constant interaction with students through emails, messaging apps, and online forums, addressing queries, providing feedback, and fostering a sense of community.

Teachers also prioritized their professional development through webinars, online courses, and workshops, enhancing their digital teaching skills and staying updated on online education best practices.

However, challenges arose due to the digital divide, with not all students having equal technology access. Teachers adapted by

distributing printed materials and finding alternative ways to reach students.

In conclusion, the COVID-19 lockdown accelerated the adoption of ICT-enabled tools by teachers to ensure educational continuity. These tools played a crucial role in effective teaching and learning despite pandemic constraints. This experience underscored the importance of digital literacy and equitable technology access in education.

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

During the COVID-19 pandemic, governments imposed disruptive lockdowns and restrictions that upended traditional education. To

ensure learning continuity, our institution swiftly adapted. A pivotal change was the introduction of transparent and frequent internal assessment mechanisms.

In the era of remote learning, transparency in assessment was paramount. Our institution/teachers diligently communicated assessment criteria, grading heads, and assessment weights to students. This clarity helped students grasp how their performance was being evaluated, reducing uncertainty and anxiety. Recognizing pandemic-induced uncertainties and challenges to traditional examinations. Instead of relying solely on semester-end examinations, we implemented a more regular assessment system. This comprised frequent short assessments and assignments spread across the academic term, allowing for comprehensive tracking of student progress.

To accommodate diverse learning styles, the institute diversified assessment methods. These encompassed online quizzes, assignments, presentations, and open-book exams, as in-person exams were impractical. This ensured all students had equitable opportunities to showcase their knowledge and skills. Our robust internal evaluation system fostered two-way feedback between teachers and students. Timely teacher feedback became a vital gauge of student progress, enabling necessary adjustments to their learning strategies.

The institution also addressed online examination proctoring, fraud prevention, and fairness concerns in remote assessments. Our measures included authenticating students' identities during online exams and swiftly resolving any technical glitches during the assessment process.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The institute encountered unprecedented challenges in conducting internal examinations and managing associated grievances throughout the academic year of 2020-21, marked by the COVID-19 pandemic and subsequent lockdowns. Nevertheless, it established a robust and efficient mechanism to address these challenges.

The institution swiftly adapted to remote learning and online assessments, ensuring transparency and clarity in the internal assessment process. Faculty members diligently communicated assessment components, schedules, formats, and grading criteria to students. This information was readily available through class-specific WhatsApp groups, maintaining communication despite disruptions caused by the lockdown.

To address examination-related grievances, an internal examination committee was formed, equipped with the necessary resources for prompt resolution. The entire process adhered to university regulations, with clearly defined submission deadlines for students and a well-structured timeline for solutions.

With physical presence on campus suspended, digital platforms became the primary channels for communication and grievance redressal. The institution and teachers utilized email, online forms, and dedicated grievance WhatsApp groups for efficient communication.

Transparency remained a priority throughout the process. Regular updates on the status of grievances were provided to students, keeping them informed about the progress and outcomes of their complaints. Student feedback on the resolution process contributed to continuous improvement, ensuring the effectiveness of the mechanism.

Overall, oversight of the internal examination and grievance procedure was carried out by the Principal and Head of Department (HOD), further enhancing accountability within the process.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

During the academic session of 2020-21, the institute ensured that teachers and students were well-informed about the stated outcomes of the programs. These outcomes were aligned with the institute's Vision and Mission, considering factors such as academic excellence, research potential, extension activities, human values, and job

market trends. Input from alumni and stakeholders was also taken into account.

The Department, in collaboration with course teachers, formulated Course Outcomes (COs), while Program-specific Outcomes (PSOs) were created by the Heads of the Departments of the respective programs. Students were introduced to these expected learning outcomes and assessment strategies during orientation programs and initial theory and practical lectures.

All this information, including the Curriculum and Learning Outcomes, was uploaded to the institution's website and communicated to students through tutorial meetings and handouts. Additionally, outcomes were prominently displayed on notice boards and incorporated into laboratory manuals for science courses.

The significance of these outcomes became evident during the COVID-19 lockdown. With the shift to online learning, teachers and students needed a clear understanding of the educational goals. Teachers adapted their methods and materials to align with these outcomes, modified assessments for online platforms, and transparently communicated changes.

The lockdown period prompted reflection and adjustment, ensuring that educational programs remained effective. Communication about changes to the curriculum fostered trust and shared purpose. Teachers also innovated to achieve outcomes in a remote environment, leveraging technology and virtual experiences.

## 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The institution demonstrated its commitment to fostering innovation by establishing a comprehensive ecosystem that nurtured creativity

and facilitated knowledge exchange. This initiative aimed to provide fertile ground for groundbreaking ideas to flourish at its core.

Strategically designed programs and platforms not only encouraged the generation of innovative concepts but also facilitated seamless knowledge transfer across various domains. Numerous initiatives within the institution underscored its dedication to innovation. Collaborative spaces, such as research centres, were established to serve as hubs for interdisciplinary collaboration, bringing together researchers, scholars, and students from diverse backgrounds to foster an environment where different perspectives converged to spark innovative solutions.

Furthermore, the institution implemented structured knowledge transfer programs bridging the gap between theoretical understanding and practical application by facilitating the seamless dissemination of knowledge from academic research to real-world implementation. This not only enhanced the institution's impact on society but also ensured that the fruits of intellectual endeavours contributed tangibly to addressing contemporary challenges.

In conclusion, the institution's deliberate efforts to create an innovation-centric ecosystem and its proactive initiatives for knowledge creation and transfer positioned it as a dynamic hub for intellectual growth and societal advancement. This multifaceted approach demonstrated a commitment to nurturing a culture where innovation thrived, and knowledge became a driving force for positive change.

### 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

During the Covid-19 lockdown, the institution encountered challenges in ensuring the holistic development of students. To tackle this issue, the institution-initiated extension activities within the neighbourhood community. These activities aimed to complement academic learning and raise awareness among students regarding social issues.

Given the disruption of traditional classrooms, extension activities became essential. The institute undertook various initiatives, ranging from community service to environmental projects and awareness campaigns. These activities offered students practical experience in addressing real-world issues, nurturing empathy and practical skills.

Moreover, these activities prompted a shift from an academic-centric education to a more holistic approach. Students honed skills such as leadership, teamwork, and problem-solving, creatively adapting to the challenges posed by the pandemic.

The impact of these extension activities was threefold. Firstly, students developed social awareness and responsibility, which could influence their future civic engagement. Secondly, it helped maintain a sense of connection among students and teachers during lockdowns. Lastly, it underscored the adaptability and resilience of the education system.

Thus, the institution responded to the disruptions caused by Covid-19 by introducing extension activities. These activities not only enhanced students' learning but also fostered social consciousness and adaptable skills, leaving a lasting impact on their development and civic engagement.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The institution, established in 1956 on a vast 39-acre campus surrounded by greenery, boasted ample infrastructure for effective teaching and learning. It offered numerous undergraduate and postgraduate programs in Arts, Commerce, and Science across 15 departments.

The facilities included well-ventilated classrooms, laboratories, an examination control room, seminar hall, staff room, and amenities like a girl's common room with sanitary napkin dispensers and hygienic toilets.

Further enhancements included an NCC and NSS unit, an ICT-enabled IQAC, career guidance, training and placement, and social outreach cells. Internet connectivity graced the principal's cabin, administrative office, classrooms, labs, and library, furnished with 65 desktops and 7 LCD projectors.

The Computer Science and Commerce departments boasted a LAN-connected computer lab. The institute's auditorium could seat 500, and its library was partially automated with SOUL 3 software, offering a vast collection of books, journals, periodicals, and more.

Safety measures featured prominently, with security personnel, CCTV cameras, fire extinguishers, and segregated facilities for staff and students.

Moreover, essential amenities like RO purified water coolers, first aid, a canteen, ramps, wheelchairs, and more were readily available.

The institute even boasted a playground, gymnasium, and a botanical garden with various plant species.

However, the COVID-19 pandemic upended traditional education, prompting a rapid transition to remote learning. The institute had to ensure students and teachers had the necessary devices and internet access. It leveraged platforms like Zoom, Google Meet, and Google Classroom for online classes.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Paste link for additional information	Nil

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The institution boasts ample facilities for cultural activities, sports, indoor and outdoor games, a gymnasium, and a yoga center. The institution actively encourages student participation in various extracurricular activities like sports, cultural events, yoga, and debates at different levels.

Outstanding sports amenities are offered through a vast playground, an indoor game auditorium, a gym, and a fitness center. The sprawling 5-acre playground accommodates hockey, football, volleyball, cricket, and more.

An expansive indoor auditorium, covering 5720 sq. feet, supports indoor games like badminton and table tennis.

The institute's gymnasium, spanning 750 sq. feet, is well-equipped with various fitness equipment.

These resources are frequently used by students and staff. Cultural events, alumni reunions, and sports gatherings are organized, and financial aid is extended for university-level events.

Personality development programs include debates, paper presentations, group discussions, and quiz competitions.

Additionally, the institute commemorates International Yoga Day annually, featuring demonstrations and explanations by the physical education department.

However, in the 2020-21 academic year, COVID-19 lockdowns presented significant challenges. Facilities for cultural activities, sports, gymnasiums, and yoga centers were temporarily closed, rendering them unavailable to students throughout the academic year.

## 4.2 - Library as a Learning Resource

#### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The library of the institution, covering 151 m<sup>2</sup> on the first floor, is automated with the Integrated Library Management System (ILMS) and monitored by CCTV. It boasts an extensive collection of 72,000 books, 50 maps/charts, and around 200 CDs/DVDs. For users' convenience, it offers partial open access, Wi-Fi, electricity backup, and Xerox facilities. SOUL 3.0 software manages all library operations, including accession, classification, cataloguing, and circulation. The barcode system streamlines processes, and the serial control unit handles subscriptions and printing. Despite starting the automation process at the beginning of the academic session, it was hampered by the Covid-19 lockdown throughout 2020-21.

The library is supervised by an advisory committee which includes;

- Dr. R.A. Mishra, Principal/Chairman
- Mr. V. C. Jadhao,
- Mr. D. S. Chavhan,
- Dr. S. S. Jadhao,
- Prof. Dr. R. B. Bhandwalkar,
- Dr. V. R. Vishwarupe,
- Dr. D. B. Prabhodhankar,
- Dr. K. S. Kalnawat,
- Dr. P. B. Jadhav,
- Smt. Amla Nahar, and
- Dr. A. R. Chandankhede.

Unfortunately, due to the Covid-19 lockdown during the entire 2020-21 academic session, physical library services were entirely suspended.

### 4.3 - IT Infrastructure

#### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

The institute's dedication was evident across various crucial areas:

- **Software Updates:** Regular updates were made to vital software systems such as Soul 3.0 LMS in the library and Dot soft ERP in the student section, enhancing functionality, security, and efficiency.
- **Campus Security:** CCTV cameras were strategically installed throughout the campus to bolster security measures, monitoring activities and contributing to overall safety.
- **Biometric Attendance:** An advanced biometric attendance system featuring eye and thumb scanners was implemented, supported by up-to-date software for precise tracking.
- **Internet Upgrade:** The institution transitioned its internet service from a VSAT server to optical fiber-based broadband, ensuring swifter and more dependable connectivity.
- **LAN Connections:** Departments like Commerce and Computer Science were equipped with LAN connections among computers to facilitate seamless communication and resource sharing.
- **Barcode Scanner Updates:** The library's barcode scanner used for generating student and staff identity cards underwent annual updates, guaranteeing efficient operation.
- **Budget Allocation:** A specific budget was earmarked for IT infrastructure updates, underscoring the institution's financial commitment to technology maintenance.

These endeavours underscored a proactive stance towards technology integration and upkeep, crucial for cultivating a contemporary learning environment.

However, the Covid-19 lockdown in 2020-21 significantly disrupted these initiatives, compelling the institute to pivot towards online learning platforms and utilize various social media channels for teaching, owing to physical classroom limitations. This underscored the imperative of robust IT facilities, including high-speed Wi-Fi, to ensure seamless access to educational resources for both students and faculty, particularly during challenging periods.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

In response to the government-imposed Covid-19 lockdown during the academic session 2020-21, institutes took decisive actions to ensure the safety and continuity of their operations. They established comprehensive procedures and policies covering physical, academic, and support facilities.

Stringent health and safety protocols were implemented across all areas of the institutes. Regular sanitization routines were introduced, and social distancing was enforced within classrooms, laboratories, libraries, and sports complexes. Masks and hand sanitizers were readily available throughout the premises.

To sustain academic activities, institutes swiftly transitioned to online learning. Laboratory use was restricted to prevent overcrowding, with strict scheduling for facility access and enhanced equipment sanitation.

Libraries adapted by digitizing resources and providing remote access to online databases, journals, and e-books. Physical library access was limited in favour of online research and study options.

Group sports activities were temporarily halted, promoting individual exercises. Remote access to software and computing resources was facilitated to support online learning and research.

Classes were conducted entirely online, with students, faculty, and staff receiving training and clear communication about the evolving health protocols.

Despite the challenges posed by the Covid-19 lockdown, institution demonstrated adaptability and dedication by prioritizing the well-being of their community members while maintaining a conducive learning environment through these measures.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

The student council is constituted annually in accordance with the directives of the affiliated university, providing students with representation in academic, administrative, and co-curricular

committees. However, the student council elections for the 2020-21 academic sessions were cancelled due to State Government policy and the COVID-19 pandemic.

The student council comprises class representatives, along with representatives from NSS, NCC, sports, and cultural activities, who demonstrated outstanding performance in the preceding year. Additionally, two girls are nominated by the principal based on their exceptional performance in academics and co-curricular activities. These members elect their secretary through preferential voting.

Council members play a crucial role in maintaining campus discipline, actively participating in various committees, and organizing numerous events, including national festivals, debates, and awareness campaigns. They also assist in various administrative tasks, such as admissions, scholarship applications, and student problem-solving, while fostering a positive relationship between students and teachers. Furthermore, the council actively encourages students to participate in blood donation camps.

The council's main responsibilities include gathering feedback from stakeholders, organizing cultural events, managing games, producing the college magazine, promoting water conservation and biodiversity on campus, upholding discipline, coordinating tours, and maintaining campus cleanliness. However, the 2020-21 academic year was greatly affected by COVID-19, requiring the institute to adapt to remote learning, which restricted student participation in administrative and co-curricular activities.

In conclusion, the student council and its members actively engage in various aspects of campus life, but the pandemic disrupted their usual operations during the 2020-21 academic year.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The government-imposed strict lockdown during the academic session of 2020-21 had a significant impact on the governance of the

institution, particularly in terms of its alignment with its vision and mission. During this period, the institution was compelled to quickly adapt to the challenging circumstances presented by the pandemic. The primary objective was to ensure the health and safety of students and staff while maintaining the delivery of quality education. This showcased the adaptability and resilience of the institution's governance in responding to a crisis, which may not have been explicitly outlined in the original vision and mission.

In some cases, institutions temporarily revised their mission to prioritize health and safety measures, distance learning, and remote access to educational resources. Such adaptability demonstrated the willingness of the institution's governance to prioritize the immediate needs of the students and community.

The institution's ability to align its governance with the evolving situation during the pandemic reflects its commitment to the broader mission of education and student well-being. The period of strict lockdown served as a test of the institution's ability to respond to unexpected challenges while maintaining the core principles of its vision and mission.

Upload any additional information	No File Uploaded

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

During the 2020-21 academic session, the COVID-19 lockdown disrupted physical activities in the institution, leading to the adoption of decentralization and participative management practices. Decentralization involves distributing decision-making authority across different levels of the institution. For instance, academic departments independently decided on online classes and assessment approaches, aligning with affiliating university guidelines and the unique needs of various disciplines. This approach allowed the institution to swiftly adapt to changing circumstances.

Participative management became crucial in developing crisis response plans and engaging diverse stakeholders such as faculty, students, and administrative staff. A task force was formed, comprising teachers from different departments, NSS Volunteers, NCC

cadets, and administrative units. They collaborated on guidelines for online teaching, student support, and safety protocols, ensuring well-rounded crisis response plans. Decentralization and participative management effectively addressed pandemic challenges. Decentralization tailored responses to department-specific needs, while participative management incorporated multiple perspectives into crisis strategies. These practices facilitated agile decision-making and fostered collaboration, bolstering higher education's resilience during unprecedented times.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institution, established in 1956, has witnessed remarkable growth, attributing its success to well-executed strategic planning. The institutes perspective plan is a guiding beacon, encompassing various facets:

- Mission statement and future vision.
- Academic program expansion and research initiatives.
- Campus development and enhancements to accommodate growing needs.
- Faculty and staff recruitment, training, and retention strategies.
- Goals for student enrolment, diversity, and retention rates.
- Budgetary projections for financial sustainability.
- Quality assurance mechanisms for education and research.
- Initiatives for research, innovation, and collaboration.
- Engagement with the local community.
- Commitment to societal and environmental responsibility.
- Specific milestones and targets for measurement.

These plans allow the institution to adapt to evolving educational and societal requirements. Faculty, students, and external stakeholders contribute to ensure a comprehensive approach.

Amidst the COVID-19 pandemic, the institution swiftly executed its strategic plan, emphasizing technology integration and online learning, adapting to remote and hybrid teaching, maintaining effective communication, reallocating funds, modifying assessment methods, and focusing on long-term resilience and innovative teaching. This adaptability exemplifies the institution's commitment to continued growth and excellence.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The institutional bodies of the educational institute demonstrated effective and efficient functioning through well-defined policies, administrative structures, appointments, service rules, and procedures. These were aligned with University Grants Commission (UGC) and government regulations, ensuring transparency and merit-based selections.

The institute's policies were clear, concise, and regularly updated to adapt to changing circumstances. The well-organized administrative setup adhered to UGC and state government guidelines, enabling prompt decision-making and effective task execution.

Appointments followed a transparent, merit-based process, avoiding nepotism and favouritism. Service rules governed employee conduct, maintaining discipline and professionalism, in line with UGC and government norms.

Efficient procedures minimized redundancy and bureaucracy while optimizing resource utilization. These procedures were consistently evaluated and improved.

The COVID-19 pandemic had a notable impact, leading to policy

adaptations for online learning, health, and safety protocols, and contingency plans. The administrative setup shifted to remote work, and service rules were modified to suit work-from-home arrangements.

Additionally, Standard Operating Procedures (SOPs) were redefined to align with the affiliating university's directions for educational content delivery, exams, assessments, grading, student admissions, and financial transactions.

While adapting to these changes, the institute remained committed to maintaining compliance with UGC and government regulations, ensuring the delivery of quality education despite the challenges posed by the pandemic.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff

Despite the challenges posed by the stringent lockdown during the academic year 2020-21 due to the COVID-19 pandemic, the institution implemented robust welfare measures for both teaching and non-teaching staff. These measures include financial support, mental health resources, remote work accommodations, and access to healthcare, thus ensuring the well-being of all employees.

- Annually, on the 15th of August, the institution recognizes and felicitates teaching and non-teaching staff for their outstanding achievements.
- In the unfortunate event of an employee's demise during service, a group insurance coverage of Rs. 3,00,000 is provided to support their family.
- AMV cooperative consumer stores offer a non-refundable aid of Rs. 5,000 to the family of a deceased employee, assisting them during difficult times.
- Quick financial assistance of up to Rs. 50,000 is available to address emergency health issues, ensuring the well-being of the teaching and non-teaching staff.
- Upon retirement, teaching and non-teaching staff receive a gold ring, costing a maximum of Rs. 10,000, proportionate to the face value of their shares, from Amolakchand Mahavidyalaya Consumer Cooperative store.
- Staff members have access to essential groceries and household items through the Amolakchand Mahavidyalaya Consumer Cooperative store.
- Personal loans at the lowest interest rate are provided through the Amolakchand Mahavidyalaya Employees Cooperative Credit Society.
- Immediate loan sanctions of up to Rs. 100,000 were available in case of emergency health issues through the AMV cooperative credit society and cooperative consumer stores.
- Additionally, staff enjoy free access to the auditorium for personal events and programs.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institution adheres to University Grants Commission and Government of Maharashtra guidelines for appointing teaching and non-teaching staff. The institution maintains a Performance Appraisal System to evaluate both groups. The key points of the appraisal system include:

- Faculty's performance is evaluated using the UGC's Performance-Based Appraisal System (PBAS).
- Additional duties and contributions beyond academics are considered in the assessment.
- Teaching staff's performance is assessed based on the quality of instruction, course completion, and student engagement.
- Promotions follow the UGC Career Advancement Scheme (CAS) using API scores from PBAS.
- Promotions are communicated well in advance.
- Faculty due for promotions face a university-appointed committee that validates API scores.
- Non-teaching staff undergo annual confidential reports based on various parameters, such as character, work ethics, relations, and technical skills.
- These parameters are graded on a 7-point scale from excellent to poor.
- Satisfactory performance leads to promotions for non-teaching staff.

The institution faced the challenge of adapting its performance appraisal systems during the academic session of 2020-21 due to stringent Covid-19 lockdowns. It redefined evaluation criteria to accommodate remote teaching methods, assessing digital literacy, and measuring adaptability to online platforms. Additionally, factors

such as support provided to students during the transition to online learning and innovative approaches to engagement were considered.

In conclusion, the institution's Performance Appraisal System ensures compliance with UGC and government standards, contributing to the development and growth of both teaching and non-teaching staff through comprehensive evaluations and transparent promotion processes.

## 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The institution maintains financial integrity through regular internal and external audits. Internal audits are conducted by a Chartered Accountant, ensuring proper recording and verification of daily transactions. Gandhi & Sons, an accounting firm, assists in this process. An annual internal audit is conducted before July 31st by an authorized chartered accountant.

External audits are performed by the Auditor General, Nagpur, and the Joint Director of Higher Education, Amaravati. They scrutinize various financial aspects, including cash books, ledger books, fees, vouchers, and more. The auditors prepare a trial balance and a payment description.

The audited financial report is presented at the CDC and the annual general meeting for approval, and all reports are uploaded to the institute's official website. The audit accounts are submitted to the Joint Director's office annually, and any objections raised are addressed.

Notably, the institution's commitment to financial integrity persisted during the 2020-21 academic session, despite the challenges posed by the Covid-19 pandemic. This dedication ensured continuous monitoring and compliance with financial regulations, emphasizing the institution's responsible financial management even during uncertain times.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The institution had a systematic approach to fund mobilization and resource utilization. This involved coordination between various committees, department heads, and the accounts office, all operating under specific rules.

Sources of funds primarily included student tuition fees, a salary grant from the State Government, and grants from the UGC for infrastructure, learning resources, and research projects.

A finance committee oversaw fund allocation for various expenses, while a purchase committee handled equipment and infrastructure procurement. The principal, finance, and purchase committees, along with the accounts department, ensured expenses stayed within budget.

The institution followed a budgeting process involving the Principal, Heads of Departments, and accountants, with input from the CDC and management. UGC funds were monitored by a dedicated committee.

Regular audits, both internal and external, certified financial statements.

The physical infrastructure was optimally used for various activities beyond regular hours.

During the COVID-19 lockdown in the 2020-21 academic session, specific rules were established to manage funds effectively and adapt to remote learning, safety measures, and student and staff support, ensuring the continuity of education in a safe manner. These rules aimed to prioritize fund allocation to best serve the educational community during those unprecedented times.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Amid the stringent COVID-19 lockdown in the academic year 2020-21, the institution faced unprecedented hurdles. The Internal Quality Assurance Cell (IQAC) emerged as a crucial player, diligently ensuring the continuity and effectiveness of education. In response to disrupted traditional teaching methods, the IQAC swiftly adapted, playing a pivotal role in maintaining and improving academic quality.

The IQAC led the charge in transitioning to remote learning, employing innovative approaches to uphold educational standards. It facilitated the seamless integration of technology, fostering effective communication between students and educators. The cell actively monitored and evaluated online teaching methods, promptly addressing any emerging issues. Proactively implementing and overseeing tailored quality assurance policies, the IQAC focused on navigating the challenges posed by the pandemic.

These policies encompassed ensuring the availability and functionality of online learning platforms while creating equitable assessment methods for virtual environments. The IQAC meticulously tracked policy implementation through periodic evaluations of online teaching effectiveness. Regular communication with stakeholders,

including students, faculty, and administrators, fostered transparency and facilitated swift problem resolution.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The institution, guided by its IQAC, responded effectively to the COVID-19 lockdown in the 2020-21 academic session. It concentrated on enhancing teaching methods, operational processes, and learning outcomes, ensuring high-quality education amidst unprecedented disruptions.

The IQAC, responsible for ensuring educational excellence, oversaw various academic and administrative functions. It conducted regular assessments during the lockdown's impact on teaching and learning, scrutinizing the shift from traditional to remote teaching. Content delivery, student engagement, and technology utilization were fine-tuned based on feedback.

Operational structures like administrative workflows were reevaluated to ensure efficient functioning. Roles were redefined, digital solutions implemented, and resource allocation reconsidered.

The IQAC monitored student achievement of learning goals, offering faculty development programs and assessment strategies to maintain academic standards. All activities adhered to regulatory norms and guidelines from government authorities and the affiliating university, considering pandemic-related challenges.

Comprehensive records were maintained, leading to detailed reports shared with the institution's leadership and stakeholders. These reports guided decision-making and continuous improvement.

## **INSTITUTIONAL VALUES AND BEST PRACTICES**

### **7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The institution faced unique challenges in promoting gender equity due to the government-imposed COVID-19 pandemic lockdown throughout the entire academic session 2020-21. Many measures were initiated by the institutions to address the issue.

- The institution worked to ensure that online learning platforms were accessible to all students, regardless of gender.
- Recognizing that gender roles and responsibilities often shifted during lockdowns, institutions introduced flexible schedules for classes and assignments to accommodate students

varied domestic and caregiving responsibilities.

- The institution offered mental health resources to students, with a particular focus on addressing the emotional well-being of female students who may have experienced increased stress during the lockdown.
- Virtual support groups and forums (ICC) were established to create a sense of community and provide a platform for students to discuss gender-related issues and share experiences.
- The institution ran awareness campaigns and workshops on gender equality and gender-based violence prevention, encouraging dialogue on these topics among students.
- Financial support in the form of free admission was offered to female students who faced economic hardships due to the pandemic, ensuring their continued education.
- The Institution set up feedback mechanisms to allow students to express concerns related to gender equity and the challenges they faced during the lockdown, enabling institutions to adapt and improve their support systems.

These measures aimed to promote gender equity in education, recognizing that the lockdown had disproportionately affected different gender groups and that proactive steps were necessary to ensure equal access and opportunities for all students.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The institution implements robust waste management practices covering various types of waste.

**Solid Waste Management:** The institution effectively manages solid waste by segregating materials at the source, collecting them regularly, and selling recyclables such as plastic, metals, glass, cardboard, newspapers, and stationery to authorized vendors. It promotes a nearly paperless environment through digitization, encouraging the reuse of one-sided printed paper. Biodegradable waste is utilized for vermicomposting, and strategically placed dustbins facilitate waste segregation across the campus.

**Liquid Waste Management:** Wastewater is efficiently transported through pipelines.

**Biomedical Waste Management:** Although biomedical waste on campus is minimal, safe disposal practices are adopted. Items like cotton gauze, bandages, and textiles are disposed of alongside degradable waste, while sanitary napkins are incinerated.

**E-waste Management:** Faulty electronic gadgets are repaired, and components are reused for practical demonstrations or student projects. Students are educated about e-waste issues, and disposal occurs annually.

**Waste Recycling System:** While the college lacks a comprehensive waste recycling system, paper waste is sold for recycling, vermicomposting is utilized for solid waste, and liquid waste is repurposed for garden irrigation.

**Hazardous Chemicals and Radioactive Waste:** The campus is free from radioactive waste. Chemical waste from the Chemistry lab, including heavy metal solutions, corrosive liquids, and organic solvents, is safely disposed of through pipelines to designated pits. Disposal of hazardous chemical waste is carried out through pipelines to

designated pits.

During COVID-19 lockdowns, institutions managed waste efficiently, implementing strict protocols for disposal to maintain hygiene and prevent environmental hazards.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

The Institution prioritized inclusivity by fostering tolerance, harmony, and acceptance of diverse backgrounds, encompassing culture, region, language, community, society, and economics.

It implemented several significant initiatives, including online lectures on diversity and equity to create a respectful virtual learning environment.

Moreover, mental health support services were expanded to cater to the varying coping mechanisms of students, providing online counselling and resources.

The institution also offered flexible learning options to accommodate diverse schedules and time zones, allowing students to choose between synchronous and asynchronous learning.

Additionally, the institution actively engaged in outreach programs, such as food drives and medical supply donations, to support local communities during the pandemic, emphasizing communal responsibility.

Open communication channels were established to address concerns, share experiences, and provide suggestions for improvement, ensuring a platform for student and staff voices.

Anti-discrimination policies were reaffirmed and reinforced to prevent discrimination based on various backgrounds.

The institution facilitated economic support for marginalized communities, ensuring access to healthcare and essential services

regardless of cultural, regional, or linguistic backgrounds. These initiatives aimed to foster solidarity and understanding during challenging times, emphasizing the importance of unity in diversity amidst the pandemic.

Through these efforts, the institution aimed to create a secure, inclusive, and harmonious educational environment, promoting diversity, and tackling challenges posed by the stringent lockdown due to COVID-19 pandemic. This showcased institution's resilience and dedication to the well-being and success of their students and staff.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Throughout the entire academic session 2020-21, during the government-imposed Covid-19 lockdown, there was a significant focus on sensitizing students and employees of the institution to their constitutional obligations. This involved educating them about the fundamental values, rights, duties, and responsibilities of citizens as outlined in the country's constitution.

Given the unique circumstances of the pandemic, the institution recognized the need to foster a deeper understanding of citizenship and civic responsibility among the employees and students. This included highlighting the importance of adhering to public health guidelines, practicing social responsibility, and supporting government efforts to control the spread of the virus.

Through various online and remote teaching methods, the institute aimed to instill these constitutional values and principles in the students and staff, emphasizing the collective duty to protect public health and uphold the rights and responsibilities enshrined in the constitution.

This sensitization process has been essential in fostering a sense of unity and shared responsibility during these challenging times.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

The institution actively celebrates numerous national and international commemorative days, cultural festivals, and events throughout the year.

- Independence Day on August 15th signifies India's freedom from British rule, marked by cultural events and flag-hoisting ceremonies.
- Republic Day on January 26th commemorates the adoption of India's constitution with flag ceremonies, parades, and academic recognitions.
- National Constitution Day on November 26th includes activities

- like "Run for Equality" and guest lectures on civic duties.
- National Youth Day (Jan 12) celebrates Swami Vivekananda with processions, lectures, and sports. National Sports Day (Aug 29) honors Major Dhyanchand, highlighting sports. National Science Day (Feb 28) commemorates Sir C. V. Raman, promoting science. National Voters' Day (Jan 25) encourages youth participation. Teachers' Day (Sep 5) honors Dr. Sarvopalli Radhakrishnan with quizzes and debates
  - International observances such as Women's Day on March 8th and Yoga Day on June 21st are also celebrated, promoting health and equality.
  - International Non-Violence Day and Swachhta Diwas on October 2nd promote Gandhi's ideals with debates and rallies.
  - Events like International Earth Day and World Environment Day highlight environmental protection.
  - World Blood Donor Day on June 14th raises awareness through blood donation camps.
  - World Wildlife Day on March 3rd raises awareness about wildlife conservation.
  - Kisan Diwas celebrates former Prime Minister Chaudhary Charan Singh's birth with debates and rallies on farmers' issues.

Despite the pandemic, Independence Day and Republic Day were the only events celebrated offline during the 2020-21 academic session.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Title:** Staff contributions to Chief Minister's Relief Fund amid COVID-19 lockdown.....

**Objectives:** Varied goals encompassed aiding affected individuals, aligning with government relief efforts, promoting social

responsibility, and underscoring the institute's commitment to societal welfare.

**Context:** In response to the pandemic, our institute initiated a community outreach supporting the Chief Minister's Relief Fund.

**Practice:** Emphasizing teamwork, empathy, transparency, and collective responsibility, it addressed challenges like staff financial constraints and remote work complicating fundraising.

**Success Evidences:** 82 employees contributed Rs. 8,56,463 highlighting the practice's effectiveness.

**Challenges and Resources:**

- Financial constraints for pandemic affected employees.
- Varying capacities led to potential inequality.
- Reluctance and differing
- Sentiments caused workplace tension.
- Utilized communication channels.

**Title:** Community Outreach for COVID-19 Relief during Lockdown.....

**Objectives:**

- Promote social responsibility and awareness.
- Address local pandemic needs.
- Support healthcare with essential equipment.
- Foster unity in the academic community.
- Encourage healthy practices among students.

**Context:**

- Addressed lockdown challenges.
- Focused on physical presence limitations.
- Ensured safety protocols and emphasized digital access.
- Organized donations to meet community needs.

**Practice:**

- Implemented tree planting and water conserving dam.
- Distributed masks, sanitizers, and food.
- Raised Rs. 66,000 for medical equipment.
- Celebrated Online International Yoga Day.

**Evidences of Success:**

- Engaged 649 students in community service and a COVID-19 quiz.
- Raised funds for medical equipment.

**Challenges and Resources:**

- Virtual engagement limits.
- Social distancing and distribution logistics.

**7.3 - Institutional Distinctiveness**

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The institution offers a diverse array of programs spanning Humanities, Commerce, Science, and Technology. It boasts recognized Research Centres, an extensive library, and an NCC unit, providing abundant opportunities for academic and personal development.

During the Covid-19 lockdown, the Institution demonstrated remarkable adaptability and flexibility, particularly in the area of online education. Its performance in this area was notably exceptional. With a clear emphasis on technological integration and remote learning, the institution swiftly transitioned to virtual learning environments.

Employing robust virtual platforms, faculty members adeptly adjusted their teaching methodologies, engaging students through interactive online lectures, virtual labs, and discussion forums. The institution's unwavering focus on innovation and research was evident through successful virtual symposia and conferences.

Recognizing the importance of student support, the institution bolstered its online counselling services to address individual needs despite physical constraints. Additionally, its efficient assessment strategies were tailored for online exams, maintaining

the integrity of evaluations.

The government of Maharashtra acknowledged the institution as a district counselling centre, tasked with addressing challenges related to university examinations and travel.

In the face of adversity, the institution excelled in its commitment to providing seamless, technology-driven education. Its adaptive approach and dedication to quality underscored its flexibility and commitment to preparing students for the demands of an ever-changing world.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The institution offered a diverse range of undergraduate (UG) and postgraduate (PG) programs, affiliated with SGB Amravati University. The institution prioritized effective curriculum delivery, following the university's prescribed curriculum, and engaging faculty members in curriculum design.

During the challenging 2020-21 academic session due to Covid-19, the institution swiftly transitioned to online learning and utilized various platforms like Teachmint, Zoom, Google Meet, Google Classroom, and Google Forms, along with virtual labs and YouTube videos. Faculty members created engaging content, including PowerPoint presentations, practical experiment videos, and conducted seminars and group discussions.

The institution encouraged faculty members to participate in training sessions essential for acquiring online teaching skills. Faculty members provided students with e-books and digital study materials.

Engagement and interaction were maintained through discussion forums, virtual classrooms, and online quizzes, recreating the classroom experience virtually. New assessment methods like take-home assignments and virtual presentations ensured fair evaluation.

The institution maintained clear communication with students and parents through social media, messages, and virtual meetings. They offered counselling services to support emotional well-being. Continuous feedback from students helped enhance the online learning experience.

### 1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

During the 2020-21 academic session, the institution faced significant challenges due to the Covid-19 lockdown. The pandemic had forced a shift to online learning, disrupting traditional academic calendars. Despite these obstacles, the institution successfully adapted. To maintain the academic calendar, the institution swiftly transitioned to virtual classes, ensuring students had the necessary technology and connectivity.

The institution also adjusted Continuous Internal Evaluation (CIE) to online formats, including quizzes, assignments, and secure online examination proctoring. Faculty members played a crucial role by innovatively engaging students and preventing academic dishonesty through plagiarism detection tools. Faculty members also honed skills in online assessment design, virtual classroom management, and technology utilization for monitoring. Practical components in courses posed a challenge, but the institution explored virtual labs and remote monitoring for assessments.

Additionally, the institution provided counselling services and virtual events to combat student isolation. Security and ethics were prioritized in handling personal information and assessment data. The institution closely followed government and university guidelines related to Covid-19.

In response to reduced face-to-face interactions, continuous feedback mechanisms were emphasized. This included regular online meetings, feedback sessions, and open communication channels to address student concerns.

Throughout the lockdown, the institution's commitment to academic calendars and student well-being remained unwavering.

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

During the Covid-19 lockdown in the 2020-21 academic session, the institute faced unprecedented challenges in delivering education. The institution was affiliated with Sant Gadage Baba Amravati University Amravati. The curriculum was designed by the Board of Studies of concerned courses and programs. In response, the teachers of the institution integrated crosscutting issues like Professional Ethics, Gender, Human Values, Environment, and Sustainability into their online teaching.

Students were encouraged to analyse the ethical aspects of pandemic-related decisions, such as vaccine distribution and lockdown measures. The institution also addressed gender disparities exacerbated by the pandemic, urging students and staff to explore gender-sensitive issues like the impact on gender roles, domestic violence, and gender equity in healthcare. The lockdown prompted a reevaluation of human values, solidarity, and compassion. Students learned how empathy could drive effective healthcare and social cohesion.

Environmental aspects were not ignored either. Students studied the environmental impact of the pandemic and the importance of

sustainable healthcare practices. An interdisciplinary approach was adopted, with faculties collaborating across departments. This holistic approach helped students connect ethics, gender, human values, environment, and sustainability. Virtual platforms were leveraged for teaching, using resources, webinars, and forums for in-depth exploration.

In adapting to the Covid-19 lockdown, the institution not only overcame challenges but also prepared students to be socially aware, responsible, and adaptable citizens in an ever-changing world by integrating these crucial crosscutting themes into their virtual education.

## 2.2 - Catering to Student Diversity

### 2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

During the Covid-19 lockdown throughout the entire academic session of 2020-21, the institution faced unprecedented challenges in maintaining the quality of education and ensuring that all students received appropriate support. The institution assessed students' learning levels and tailored programs for advanced and slow learners. A multifaceted approach involved comprehensive subject-based assessments encompassing tests, quizzes, assignments, seminars, group discussions, and projects.

Teachers analysed the data to categorize students as advanced, average, or slow learners. Advanced learners were provided with enrichment opportunities such as advanced courses, mentorship, and academic competitions. Virtual assistance was arranged for slow learners, including personalized tutoring, remedial classes, and study plans. Additional resources were supplied to help slow learners catch up, and teachers closely monitored their progress.

The institution also fostered parental involvement, particularly for slow learners, through regular communication. This ensured a supportive home learning environment and kept parents informed about their child's progress.

In conclusion, during the Covid-19 lockdown in the 2020-21 academic session, the institution addressed diverse student needs. By assessing and implementing special programs for advanced and slow learners, the institution aimed to enable every student to succeed despite pandemic disruptions. These efforts not only supported academic growth but showcased the adaptability and resilience of the institution during unprecedented times.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

During the 2020-21 academic session, the institute faced unique challenges due to the COVID-19 lockdown. To tackle these challenges, the institution embraced student-centric approaches, including experiential learning, participative learning, and problem-solving methods, to enhance the quality of education.

With physical classrooms being inaccessible, teachers turned to virtual platforms to offer experiential learning opportunities. Students engaged in hands-on activities and virtual experiments, gaining practical insights into their subjects. Online simulations replaced laboratory experiments, ensuring continued interaction with the material.

The shift from traditional lectures to interactive methods was crucial. Video conferencing and discussion forums facilitated class discussions, debates, and group projects, fostering a sense of community among students despite physical separation.

Problem-solving methodologies became prominent, encouraging critical thinking and adaptability. Assignments tackled real-world pandemic-related challenges, promoting innovative solutions and making learning more meaningful. Digital literacy skills became essential as students navigated various online tools, collaborated remotely, and managed their time independently, skills valuable in today's tech-driven world.

Online education's flexibility allowed tailored experiences, with adaptive learning platforms identifying areas needing extra support for personalized interventions.

The COVID-19 lockdown pushed the institution to innovate, adopting student-centric methods that enriched learning experiences and equipped students with essential skills.

These adaptations showcased the resilience and adaptability of both teachers and students in the face of unprecedented challenges.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

During the 2020-21 academic session, teachers faced unprecedented challenges due to the COVID-19 lockdown. To ensure educational continuity, they turned to Information and Communication Technology (ICT)-enabled tools. This shift included utilizing video conferencing software like Zoom, Teachmint, Google Classroom, and Google Meet. These tools enabled interactive virtual classes resembling traditional in-person teaching, with presentations, discussions, and student engagement.

Additionally, teachers leveraged ICT to create and share digital learning materials like e-books, video lectures, and quizzes, ensuring access to educational content when physical materials weren't feasible.

The teachers maintained constant interaction with students through emails, messaging apps, and online forums, addressing

queries, providing feedback, and fostering a sense of community.

Teachers also prioritized their professional development through webinars, online courses, and workshops, enhancing their digital teaching skills and staying updated on online education best practices.

However, challenges arose due to the digital divide, with not all students having equal technology access. Teachers adapted by distributing printed materials and finding alternative ways to reach students.

In conclusion, the COVID-19 lockdown accelerated the adoption of ICT-enabled tools by teachers to ensure educational continuity. These tools played a crucial role in effective teaching and learning despite pandemic constraints. This experience underscored the importance of digital literacy and equitable technology access in education.

**2.5 - Evaluation Process and Reforms**

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and

mode. Write description within 200 words.

During the COVID-19 pandemic, governments imposed disruptive lockdowns and restrictions that upended traditional education. To ensure learning continuity, our institution swiftly adapted. A pivotal change was the introduction of transparent and frequent internal assessment mechanisms.

In the era of remote learning, transparency in assessment was paramount. Our institution/teachers diligently communicated assessment criteria, grading heads, and assessment weights to students. This clarity helped students grasp how their performance was being evaluated, reducing uncertainty and anxiety. Recognizing pandemic-induced uncertainties and challenges to traditional examinations. Instead of relying solely on semester-end examinations, we implemented a more regular assessment system. This comprised frequent short assessments and assignments spread across the academic term, allowing for comprehensive tracking of student progress.

To accommodate diverse learning styles, the institute diversified assessment methods. These encompassed online quizzes, assignments, presentations, and open-book exams, as in-person exams were impractical. This ensured all students had equitable opportunities to showcase their knowledge and skills. Our robust internal evaluation system fostered two-way feedback between teachers and students. Timely teacher feedback became a vital gauge of student progress, enabling necessary adjustments to their learning strategies.

The institution also addressed online examination proctoring, fraud prevention, and fairness concerns in remote assessments. Our measures included authenticating students' identities during online exams and swiftly resolving any technical glitches during the assessment process.

File Description	Documents

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The institute encountered unprecedented challenges in conducting

internal examinations and managing associated grievances throughout the academic year of 2020-21, marked by the COVID-19 pandemic and subsequent lockdowns. Nevertheless, it established a robust and efficient mechanism to address these challenges.

The institution swiftly adapted to remote learning and online assessments, ensuring transparency and clarity in the internal assessment process. Faculty members diligently communicated assessment components, schedules, formats, and grading criteria to students. This information was readily available through class-specific WhatsApp groups, maintaining communication despite disruptions caused by the lockdown.

To address examination-related grievances, an internal examination committee was formed, equipped with the necessary resources for prompt resolution. The entire process adhered to university regulations, with clearly defined submission deadlines for students and a well-structured timeline for solutions.

With physical presence on campus suspended, digital platforms became the primary channels for communication and grievance redressal. The institution and teachers utilized email, online forms, and dedicated grievance WhatsApp groups for efficient communication.

Transparency remained a priority throughout the process. Regular updates on the status of grievances were provided to students, keeping them informed about the progress and outcomes of their complaints. Student feedback on the resolution process contributed to continuous improvement, ensuring the effectiveness of the mechanism.

Overall, oversight of the internal examination and grievance procedure was carried out by the Principal and Head of Department (HOD), further enhancing accountability within the process.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

During the academic session of 2020-21, the institute ensured that teachers and students were well-informed about the stated outcomes of the programs. These outcomes were aligned with the institute's Vision and Mission, considering factors such as academic excellence, research potential, extension activities, human values, and job market trends. Input from alumni and stakeholders was also taken into account.

The Department, in collaboration with course teachers, formulated Course Outcomes (COs), while Program-specific Outcomes (PSOs) were created by the Heads of the Departments of the respective programs. Students were introduced to these expected learning outcomes and assessment strategies during orientation programs and initial theory and practical lectures.

All this information, including the Curriculum and Learning Outcomes, was uploaded to the institution's website and communicated to students through tutorial meetings and handouts. Additionally, outcomes were prominently displayed on notice boards and incorporated into laboratory manuals for science courses.

The significance of these outcomes became evident during the COVID-19 lockdown. With the shift to online learning, teachers and students needed a clear understanding of the educational goals. Teachers adapted their methods and materials to align with these outcomes, modified assessments for online platforms, and transparently communicated changes.

The lockdown period prompted reflection and adjustment, ensuring that educational programs remained effective. Communication about changes to the curriculum fostered trust and shared purpose. Teachers also innovated to achieve outcomes in a remote environment, leveraging technology and virtual experiences.

### 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The institution demonstrated its commitment to fostering innovation by establishing a comprehensive ecosystem that

nurtured creativity and facilitated knowledge exchange. This initiative aimed to provide fertile ground for groundbreaking ideas to flourish at its core.

Strategically designed programs and platforms not only encouraged the generation of innovative concepts but also facilitated seamless knowledge transfer across various domains. Numerous initiatives within the institution underscored its dedication to innovation. Collaborative spaces, such as research centres, were established to serve as hubs for interdisciplinary collaboration, bringing together researchers, scholars, and students from diverse backgrounds to foster an environment where different perspectives converged to spark innovative solutions.

Furthermore, the institution implemented structured knowledge transfer programs bridging the gap between theoretical understanding and practical application by facilitating the seamless dissemination of knowledge from academic research to real-world implementation. This not only enhanced the institution's impact on society but also ensured that the fruits of intellectual endeavours contributed tangibly to addressing contemporary challenges.

In conclusion, the institution's deliberate efforts to create an innovation-centric ecosystem and its proactive initiatives for knowledge creation and transfer positioned it as a dynamic hub for intellectual growth and societal advancement. This multifaceted approach demonstrated a commitment to nurturing a culture where innovation thrived, and knowledge became a driving force for positive change.

<b>3.4 - Extension Activities</b>	
3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year	
<p>During the Covid-19 lockdown, the institution encountered challenges in ensuring the holistic development of students. To tackle this issue, the institution-initiated extension activities within the neighbourhood community. These activities aimed to complement academic learning and raise awareness among students regarding social issues.</p> <p>Given the disruption of traditional classrooms, extension activities became essential. The institute undertook various initiatives, ranging from community service to environmental projects and awareness campaigns. These activities offered students practical experience in addressing real-world issues, nurturing empathy and practical skills.</p> <p>Moreover, these activities prompted a shift from an academic-centric education to a more holistic approach. Students honed skills such as leadership, teamwork, and problem-solving, creatively adapting to the challenges posed by the pandemic.</p> <p>The impact of these extension activities was threefold. Firstly, students developed social awareness and responsibility, which could influence their future civic engagement. Secondly, it helped maintain a sense of connection among students and teachers during lockdowns. Lastly, it underscored the adaptability and resilience of the education system.</p> <p>Thus, the institution responded to the disruptions caused by Covid-19 by introducing extension activities. These activities not only enhanced students' learning but also fostered social consciousness and adaptable skills, leaving a lasting impact on their development and civic engagement.</p>

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The institution, established in 1956 on a vast 39-acre campus surrounded by greenery, boasted ample infrastructure for effective teaching and learning. It offered numerous undergraduate and postgraduate programs in Arts, Commerce, and Science across 15 departments.

The facilities included well-ventilated classrooms, laboratories, an examination control room, seminar hall, staff room, and amenities like a girl's common room with sanitary napkin dispensers and hygienic toilets.

Further enhancements included an NCC and NSS unit, an ICT-enabled IQAC, career guidance, training and placement, and social outreach cells. Internet connectivity graced the principal's cabin, administrative office, classrooms, labs, and library, furnished with 65 desktops and 7 LCD projectors.

The Computer Science and Commerce departments boasted a LAN-connected computer lab. The institute's auditorium could seat 500, and its library was partially automated with SOUL 3 software, offering a vast collection of books, journals, periodicals, and more.

Safety measures featured prominently, with security personnel, CCTV cameras, fire extinguishers, and segregated facilities for staff and students.

Moreover, essential amenities like RO purified water coolers, first aid, a canteen, ramps, wheelchairs, and more were readily

available. The institute even boasted a playground, gymnasium, and a botanical garden with various plant species.

However, the COVID-19 pandemic upended traditional education, prompting a rapid transition to remote learning. The institute had to ensure students and teachers had the necessary devices and internet access. It leveraged platforms like Zoom, Google Meet, and Google Classroom for online classes.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Paste link for additional information	Nil

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The institution boasts ample facilities for cultural activities, sports, indoor and outdoor games, a gymnasium, and a yoga center. The institution actively encourages student participation in various extracurricular activities like sports, cultural events, yoga, and debates at different levels.

Outstanding sports amenities are offered through a vast playground, an indoor game auditorium, a gym, and a fitness center. The sprawling 5-acre playground accommodates hockey, football, volleyball, cricket, and more.

An expansive indoor auditorium, covering 5720 sq. feet, supports indoor games like badminton and table tennis.

The institute's gymnasium, spanning 750 sq. feet, is well-equipped with various fitness equipment.

These resources are frequently used by students and staff. Cultural events, alumni reunions, and sports gatherings are organized, and financial aid is extended for university-level events.

Personality development programs include debates, paper presentations, group discussions, and quiz competitions.

Additionally, the institute commemorates International Yoga Day annually, featuring demonstrations and explanations by the

physical education department.

However, in the 2020-21 academic year, COVID-19 lockdowns presented significant challenges. Facilities for cultural activities, sports, gymnasiums, and yoga centers were temporarily closed, rendering them unavailable to students throughout the academic year.

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The library of the institution, covering 151 m<sup>2</sup> on the first floor, is automated with the Integrated Library Management System (ILMS) and monitored by CCTV. It boasts an extensive collection of 72,000 books, 50 maps/charts, and around 200 CDs/DVDs. For users' convenience, it offers partial open access, Wi-Fi, electricity backup, and Xerox facilities. SOUL 3.0 software manages all library operations, including accession, classification, cataloguing, and circulation. The barcode system streamlines processes, and the serial control unit handles subscriptions and printing. Despite starting the automation process at the beginning of the academic session, it was hampered by the Covid-19 lockdown throughout 2020-21.

The library is supervised by an advisory committee which includes;

- Dr. R.A. Mishra, Principal/Chairman
- Mr. V. C. Jadhao,
- Mr. D. S. Chavhan,
- Dr. S. S. Jadhao,
- Prof. Dr. R. B. Bhandwalkar,
- Dr. V. R. Vishwarupe,
- Dr. D. B. Prabhodhankar,
- Dr. K. S. Kalnawat,

- Dr. P. B. Jadhav,
- Smt. Amla Nahar, and
- Dr. A. R. Chandankhede.

Unfortunately, due to the Covid-19 lockdown during the entire 2020-21 academic session, physical library services were entirely suspended.

#### 4.3 - IT Infrastructure

##### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

The institute's dedication was evident across various crucial areas:

- **Software Updates:** Regular updates were made to vital software systems such as Soul 3.0 LMS in the library and Dot soft ERP in the student section, enhancing functionality, security, and efficiency.
- **Campus Security:** CCTV cameras were strategically installed throughout the campus to bolster security measures, monitoring activities and contributing to overall safety.
- **Biometric Attendance:** An advanced biometric attendance system featuring eye and thumb scanners was implemented, supported by up-to-date software for precise tracking.
- **Internet Upgrade:** The institution transitioned its internet service from a VSAT server to optical fiber-based broadband, ensuring swifter and more dependable connectivity.
- **LAN Connections:** Departments like Commerce and Computer Science were equipped with LAN connections among computers to facilitate seamless communication and resource sharing.
- **Barcode Scanner Updates:** The library's barcode scanner used

for generating student and staff identity cards underwent annual updates, guaranteeing efficient operation.

- **Budget Allocation:** A specific budget was earmarked for IT infrastructure updates, underscoring the institution's financial commitment to technology maintenance.

These endeavours underscored a proactive stance towards technology integration and upkeep, crucial for cultivating a contemporary learning environment.

However, the Covid-19 lockdown in 2020-21 significantly disrupted these initiatives, compelling the institute to pivot towards online learning platforms and utilize various social media channels for teaching, owing to physical classroom limitations. This underscored the imperative of robust IT facilities, including high-speed Wi-Fi, to ensure seamless access to educational resources for both students and faculty, particularly during challenging periods.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

In response to the government-imposed Covid-19 lockdown during the academic session 2020-21, institutes took decisive actions to ensure the safety and continuity of their operations. They established comprehensive procedures and policies covering physical, academic, and support facilities.

Stringent health and safety protocols were implemented across all areas of the institutes. Regular sanitization routines were introduced, and social distancing was enforced within classrooms, laboratories, libraries, and sports complexes. Masks and hand sanitizers were readily available throughout the premises.

To sustain academic activities, institutes swiftly transitioned to online learning. Laboratory use was restricted to prevent overcrowding, with strict scheduling for facility access and enhanced equipment sanitation.

Libraries adapted by digitizing resources and providing remote access to online databases, journals, and e-books. Physical library access was limited in favour of online research and study options.

Group sports activities were temporarily halted, promoting individual exercises. Remote access to software and computing

resources was facilitated to support online learning and research.

Classes were conducted entirely online, with students, faculty, and staff receiving training and clear communication about the evolving health protocols.

Despite the challenges posed by the Covid-19 lockdown, institution demonstrated adaptability and dedication by prioritizing the well-being of their community members while maintaining a conducive learning environment through these measures.

**5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )**

The student council is constituted annually in accordance with the directives of the affiliated university, providing students with representation in academic, administrative, and co-curricular committees. However, the student council elections for the 2020-21 academic sessions were cancelled due to State Government policy and the COVID-19 pandemic.

The student council comprises class representatives, along with representatives from NSS, NCC, sports, and cultural activities, who demonstrated outstanding performance in the preceding year. Additionally, two girls are nominated by the principal based on their exceptional performance in academics and co-curricular activities. These members elect their secretary through preferential voting.

Council members play a crucial role in maintaining campus discipline, actively participating in various committees, and organizing numerous events, including national festivals, debates, and awareness campaigns. They also assist in various administrative tasks, such as admissions, scholarship applications, and student problem-solving, while fostering a positive relationship between students and teachers. Furthermore, the council actively encourages students to participate in blood

donation camps.

The council's main responsibilities include gathering feedback from stakeholders, organizing cultural events, managing games, producing the college magazine, promoting water conservation and biodiversity on campus, upholding discipline, coordinating tours, and maintaining campus cleanliness. However, the 2020-21 academic year was greatly affected by COVID-19, requiring the institute to adapt to remote learning, which restricted student participation in administrative and co-curricular activities.

In conclusion, the student council and its members actively engage in various aspects of campus life, but the pandemic disrupted their usual operations during the 2020-21 academic year.

## **GOVERNANCE, LEADERSHIP AND MANAGEMENT**

### **6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The government-imposed strict lockdown during the academic session of 2020-21 had a significant impact on the governance of the institution, particularly in terms of its alignment with its vision and mission. During this period, the institution was compelled to quickly adapt to the challenging circumstances presented by the pandemic. The primary objective was to ensure the health and safety of students and staff while maintaining the delivery of quality education. This showcased the adaptability and resilience of the institution's governance in responding to a crisis, which may not have been explicitly outlined in the original vision and mission.

In some cases, institutions temporarily revised their mission to prioritize health and safety measures, distance learning, and remote access to educational resources. Such adaptability demonstrated the willingness of the institution's governance to prioritize the immediate needs of the students and community.

The institution's ability to align its governance with the evolving situation during the pandemic reflects its commitment to the broader mission of education and student well-being. The

period of strict lockdown served as a test of the institution's ability to respond to unexpected challenges while maintaining the core principles of its vision and mission.

File Description	Documents
Paste link for additional information	Nil
Upload any additional information	No File Uploaded

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

During the 2020-21 academic session, the COVID-19 lockdown disrupted physical activities in the institution, leading to the adoption of decentralization and participative management practices. Decentralization involves distributing decision-making authority across different levels of the institution. For instance, academic departments independently decided on online classes and assessment approaches, aligning with affiliating university guidelines and the unique needs of various disciplines. This approach allowed the institution to swiftly adapt to changing circumstances.

Participative management became crucial in developing crisis response plans and engaging diverse stakeholders such as faculty, students, and administrative staff. A task force was formed, comprising teachers from different departments, NSS Volunteers, NCC cadets, and administrative units. They collaborated on guidelines for online teaching, student support, and safety protocols, ensuring well-rounded crisis response plans. Decentralization and participative management effectively addressed pandemic challenges. Decentralization tailored responses to department-specific needs, while participative management incorporated multiple perspectives into crisis strategies. These practices facilitated agile decision-making and fostered collaboration, bolstering higher education's resilience during unprecedented times.

## 6.2 - Strategy Development and Deployment

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institution, established in 1956, has witnessed remarkable growth, attributing its success to well-executed strategic planning. The institutes perspective plan is a guiding beacon, encompassing various facets:

- Mission statement and future vision.
- Academic program expansion and research initiatives.
- Campus development and enhancements to accommodate growing needs.
- Faculty and staff recruitment, training, and retention strategies.
- Goals for student enrolment, diversity, and retention rates.
- Budgetary projections for financial sustainability.
- Quality assurance mechanisms for education and research.
- Initiatives for research, innovation, and collaboration.
- Engagement with the local community.
- Commitment to societal and environmental responsibility.
- Specific milestones and targets for measurement.

These plans allow the institution to adapt to evolving educational and societal requirements. Faculty, students, and external stakeholders contribute to ensure a comprehensive approach.

Amidst the COVID-19 pandemic, the institution swiftly executed its strategic plan, emphasizing technology integration and online learning, adapting to remote and hybrid teaching, maintaining effective communication, reallocating funds, modifying assessment methods, and focusing on long-term resilience and innovative teaching. This adaptability exemplifies the institution's commitment to continued growth and excellence.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The institutional bodies of the educational institute demonstrated effective and efficient functioning through well-defined policies, administrative structures, appointments, service rules, and procedures. These were aligned with University Grants Commission (UGC) and government regulations, ensuring transparency and merit-based selections.

The institute's policies were clear, concise, and regularly updated to adapt to changing circumstances. The well-organized administrative setup adhered to UGC and state government guidelines, enabling prompt decision-making and effective task execution.

Appointments followed a transparent, merit-based process, avoiding nepotism and favouritism. Service rules governed employee conduct, maintaining discipline and professionalism, in line with UGC and government norms.

Efficient procedures minimized redundancy and bureaucracy while optimizing resource utilization. These procedures were consistently evaluated and improved.

The COVID-19 pandemic had a notable impact, leading to policy adaptations for online learning, health, and safety protocols, and contingency plans. The administrative setup shifted to remote work, and service rules were modified to suit work-from-home arrangements.

Additionally, Standard Operating Procedures (SOPs) were redefined to align with the affiliating university's directions for educational content delivery, exams, assessments, grading, student admissions, and financial transactions.

While adapting to these changes, the institute remained committed to maintaining compliance with UGC and government regulations, ensuring the delivery of quality education despite the challenges posed by the pandemic.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

Despite the challenges posed by the stringent lockdown during the academic year 2020-21 due to the COVID-19 pandemic, the institution implemented robust welfare measures for both teaching and non-teaching staff. These measures include financial support, mental health resources, remote work accommodations, and access to healthcare, thus ensuring the well-being of all employees.

- Annually, on the 15th of August, the institution recognizes and felicitates teaching and non-teaching staff for their

outstanding achievements.

- In the unfortunate event of an employee's demise during service, a group insurance coverage of Rs. 3,00,000 is provided to support their family.
- AMV cooperative consumer stores offer a non-refundable aid of Rs. 5,000 to the family of a deceased employee, assisting them during difficult times.
- Quick financial assistance of up to Rs. 50,000 is available to address emergency health issues, ensuring the well-being of the teaching and non-teaching staff.
- Upon retirement, teaching and non-teaching staff receive a gold ring, costing a maximum of Rs. 10,000, proportionate to the face value of their shares, from Amolakchand Mahavidyalaya Consumer Cooperative store.
- Staff members have access to essential groceries and household items through the Amolakchand Mahavidyalaya Consumer Cooperative store.
- Personal loans at the lowest interest rate are provided through the Amolakchand Mahavidyalaya Employees Cooperative Credit Society.
- Immediate loan sanctions of up to Rs. 100,000 were available in case of emergency health issues through the AMV cooperative credit society and cooperative consumer stores.
- Additionally, staff enjoy free access to the auditorium for personal events and programs.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institution adheres to University Grants Commission and Government of Maharashtra guidelines for appointing teaching and non-teaching staff. The institution maintains a Performance Appraisal System to evaluate both groups. The key points of the appraisal system include:

- Faculty's performance is evaluated using the UGC's Performance-Based Appraisal System (PBAS).
- Additional duties and contributions beyond academics are considered in the assessment.
- Teaching staff's performance is assessed based on the quality of instruction, course completion, and student engagement.
- Promotions follow the UGC Career Advancement Scheme (CAS) using API scores from PBAS.
- Promotions are communicated well in advance.
- Faculty due for promotions face a university-appointed committee that validates API scores.
- Non-teaching staff undergo annual confidential reports based on various parameters, such as character, work ethics, relations, and technical skills.
- These parameters are graded on a 7-point scale from excellent to poor.
- Satisfactory performance leads to promotions for non-teaching staff.

The institution faced the challenge of adapting its performance appraisal systems during the academic session of 2020-21 due to stringent Covid-19 lockdowns. It redefined evaluation criteria to

accommodate remote teaching methods, assessing digital literacy, and measuring adaptability to online platforms. Additionally, factors such as support provided to students during the transition to online learning and innovative approaches to engagement were considered.

In conclusion, the institution's Performance Appraisal System ensures compliance with UGC and government standards, contributing to the development and growth of both teaching and non-teaching staff through comprehensive evaluations and transparent promotion processes.

#### 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The institution maintains financial integrity through regular internal and external audits. Internal audits are conducted by a Chartered Accountant, ensuring proper recording and verification of daily transactions. Gandhi & Sons, an accounting firm, assists in this process. An annual internal audit is conducted before July 31st by an authorized chartered accountant.

External audits are performed by the Auditor General, Nagpur, and the Joint Director of Higher Education, Amaravati. They scrutinize various financial aspects, including cash books, ledger books, fees, vouchers, and more. The auditors prepare a trial balance and a payment description.

The audited financial report is presented at the CDC and the annual general meeting for approval, and all reports are uploaded to the institute's official website. The audit accounts are submitted to the Joint Director's office annually, and any objections raised are addressed.

Notably, the institution's commitment to financial integrity persisted during the 2020-21 academic session, despite the challenges posed by the Covid-19 pandemic. This dedication

ensured continuous monitoring and compliance with financial regulations, emphasizing the institution's responsible financial management even during uncertain times.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The institution had a systematic approach to fund mobilization and resource utilization. This involved coordination between various committees, department heads, and the accounts office, all operating under specific rules.

Sources of funds primarily included student tuition fees, a salary grant from the State Government, and grants from the UGC for infrastructure, learning resources, and research projects.

A finance committee oversaw fund allocation for various expenses, while a purchase committee handled equipment and infrastructure procurement. The principal, finance, and purchase committees, along with the accounts department, ensured expenses stayed within budget.

The institution followed a budgeting process involving the

Principal, Heads of Departments, and accountants, with input from the CDC and management. UGC funds were monitored by a dedicated committee.

Regular audits, both internal and external, certified financial statements.

The physical infrastructure was optimally used for various activities beyond regular hours.

During the COVID-19 lockdown in the 2020-21 academic session, specific rules were established to manage funds effectively and adapt to remote learning, safety measures, and student and staff support, ensuring the continuity of education in a safe manner. These rules aimed to prioritize fund allocation to best serve the educational community during those unprecedented times.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Amid the stringent COVID-19 lockdown in the academic year 2020-21, the institution faced unprecedented hurdles. The Internal Quality Assurance Cell (IQAC) emerged as a crucial player, diligently ensuring the continuity and effectiveness of education. In response to disrupted traditional teaching methods, the IQAC swiftly adapted, playing a pivotal role in maintaining and improving academic quality.

The IQAC led the charge in transitioning to remote learning, employing innovative approaches to uphold educational standards. It facilitated the seamless integration of technology, fostering effective communication between students and educators. The cell actively monitored and evaluated online teaching methods, promptly addressing any emerging issues. Proactively implementing and overseeing tailored quality assurance policies, the IQAC focused on navigating the challenges posed by the pandemic.

These policies encompassed ensuring the availability and

functionality of online learning platforms while creating equitable assessment methods for virtual environments. The IQAC meticulously tracked policy implementation through periodic evaluations of online teaching effectiveness. Regular communication with stakeholders, including students, faculty, and administrators, fostered transparency and facilitated swift problem resolution.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The institution, guided by its IQAC, responded effectively to the COVID-19 lockdown in the 2020-21 academic session. It concentrated on enhancing teaching methods, operational processes, and learning outcomes, ensuring high-quality education amidst unprecedented disruptions.

The IQAC, responsible for ensuring educational excellence, oversaw various academic and administrative functions. It conducted regular assessments during the lockdown's impact on teaching and learning, scrutinizing the shift from traditional to remote teaching. Content delivery, student engagement, and technology utilization were fine-tuned based on feedback.

Operational structures like administrative workflows were reevaluated to ensure efficient functioning. Roles were redefined, digital solutions implemented, and resource allocation reconsidered.

The IQAC monitored student achievement of learning goals, offering faculty development programs and assessment strategies to maintain academic standards. All activities adhered to regulatory norms and guidelines from government authorities and the affiliating university, considering pandemic-related challenges.

Comprehensive records were maintained, leading to detailed reports shared with the institution's leadership and

stakeholders. These reports guided decision-making and continuous improvement.

## **INSTITUTIONAL VALUES AND BEST PRACTICES**

### **7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The institution faced unique challenges in promoting gender equity due to the government-imposed COVID-19 pandemic lockdown throughout the entire academic session 2020-21. Many measures were initiated by the institutions to address the issue.

- The institution worked to ensure that online learning platforms were accessible to all students, regardless of

gender.

- Recognizing that gender roles and responsibilities often shifted during lockdowns, institutions introduced flexible schedules for classes and assignments to accommodate students varied domestic and caregiving responsibilities.
- The institution offered mental health resources to students, with a particular focus on addressing the emotional well-being of female students who may have experienced increased stress during the lockdown.
- Virtual support groups and forums (ICC) were established to create a sense of community and provide a platform for students to discuss gender-related issues and share experiences.
- The institution ran awareness campaigns and workshops on gender equality and gender-based violence prevention, encouraging dialogue on these topics among students.
- Financial support in the form of free admission was offered to female students who faced economic hardships due to the pandemic, ensuring their continued education.
- The Institution set up feedback mechanisms to allow students to express concerns related to gender equity and the challenges they faced during the lockdown, enabling institutions to adapt and improve their support systems.

These measures aimed to promote gender equity in education, recognizing that the lockdown had disproportionately affected different gender groups and that proactive steps were necessary to ensure equal access and opportunities for all students.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The institution implements robust waste management practices covering various types of waste.

**Solid Waste Management:** The institution effectively manages solid waste by segregating materials at the source, collecting them regularly, and selling recyclables such as plastic, metals, glass, cardboard, newspapers, and stationery to authorized vendors. It promotes a nearly paperless environment through digitization, encouraging the reuse of one-sided printed paper. Biodegradable waste is utilized for vermicomposting, and strategically placed dustbins facilitate waste segregation across the campus.

**Liquid Waste Management:** Wastewater is efficiently transported through pipelines.

**Biomedical Waste Management:** Although biomedical waste on campus is minimal, safe disposal practices are adopted. Items like cotton gauze, bandages, and textiles are disposed of alongside degradable waste, while sanitary napkins are incinerated.

**E-waste Management:** Faulty electronic gadgets are repaired, and components are reused for practical demonstrations or student projects. Students are educated about e-waste issues, and disposal occurs annually.

**Waste Recycling System:** While the college lacks a comprehensive waste recycling system, paper waste is sold for recycling, vermicomposting is utilized for solid waste, and liquid waste is repurposed for garden irrigation.

**Hazardous Chemicals and Radioactive Waste:** The campus is free

from radioactive waste. Chemical waste from the Chemistry lab, including heavy metal solutions, corrosive liquids, and organic solvents, is safely disposed of through pipelines to designated pits. Disposal of hazardous chemical waste is carried out through pipelines to designated pits.

During COVID-19 lockdowns, institutions managed waste efficiently, implementing strict protocols for disposal to maintain hygiene and prevent environmental hazards.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

The Institution prioritized inclusivity by fostering tolerance, harmony, and acceptance of diverse backgrounds, encompassing culture, region, language, community, society, and economics.

It implemented several significant initiatives, including online lectures on diversity and equity to create a respectful virtual learning environment.

Moreover, mental health support services were expanded to cater to the varying coping mechanisms of students, providing online counselling and resources.

The institution also offered flexible learning options to accommodate diverse schedules and time zones, allowing students to choose between synchronous and asynchronous learning.

Additionally, the institution actively engaged in outreach programs, such as food drives and medical supply donations, to support local communities during the pandemic, emphasizing communal responsibility.

Open communication channels were established to address concerns, share experiences, and provide suggestions for improvement, ensuring a platform for student and staff voices.

Anti-discrimination policies were reaffirmed and reinforced to prevent discrimination based on various backgrounds.

The institution facilitated economic support for marginalized

communities, ensuring access to healthcare and essential services regardless of cultural, regional, or linguistic backgrounds. These initiatives aimed to foster solidarity and understanding during challenging times, emphasizing the importance of unity in diversity amidst the pandemic.

Through these efforts, the institution aimed to create a secure, inclusive, and harmonious educational environment, promoting diversity, and tackling challenges posed by the stringent lockdown due to COVID-19 pandemic. This showcased institution's resilience and dedication to the well-being and success of their students and staff.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Throughout the entire academic session 2020-21, during the government-imposed Covid-19 lockdown, there was a significant focus on sensitizing students and employees of the institution to their constitutional obligations. This involved educating them about the fundamental values, rights, duties, and responsibilities of citizens as outlined in the country's constitution.

Given the unique circumstances of the pandemic, the institution recognized the need to foster a deeper understanding of citizenship and civic responsibility among the employees and students. This included highlighting the importance of adhering to public health guidelines, practicing social responsibility, and supporting government efforts to control the spread of the virus.

Through various online and remote teaching methods, the institute aimed to instill these constitutional values and principles in the students and staff, emphasizing the collective duty to protect public health and uphold the rights and responsibilities enshrined in the constitution.

This sensitization process has been essential in fostering a sense of unity and shared responsibility during these challenging times.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

The institution actively celebrates numerous national and international commemorative days, cultural festivals, and events throughout the year.

- Independence Day on August 15th signifies India's freedom

from British rule, marked by cultural events and flag-hoisting ceremonies.

- Republic Day on January 26th commemorates the adoption of India's constitution with flag ceremonies, parades, and academic recognitions.
- National Constitution Day on November 26th includes activities like "Run for Equality" and guest lectures on civic duties.
- National Youth Day (Jan 12) celebrates Swami Vivekananda with processions, lectures, and sports. National Sports Day (Aug 29) honors Major Dhyanchand, highlighting sports. National Science Day (Feb 28) commemorates Sir C. V. Raman, promoting science. National Voters' Day (Jan 25) encourages youth participation. Teachers' Day (Sep 5) honors Dr. Sarvopalli Radhakrishnan with quizzes and debates
- International observances such as Women's Day on March 8th and Yoga Day on June 21st are also celebrated, promoting health and equality.
- International Non-Violence Day and Swachhta Diwas on October 2nd promote Gandhi's ideals with debates and rallies.
- Events like International Earth Day and World Environment Day highlight environmental protection.
- World Blood Donor Day on June 14th raises awareness through blood donation camps.
- World Wildlife Day on March 3rd raises awareness about wildlife conservation.
- Kisan Diwas celebrates former Prime Minister Chaudhary Charan Singh's birth with debates and rallies on farmers' issues.

Despite the pandemic, Independence Day and Republic Day were the only events celebrated offline during the 2020-21 academic session.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Title:** Staff contributions to Chief Minister's Relief Fund amid COVID-19 lockdown.....

**Objectives:** Varied goals encompassed aiding affected individuals, aligning with government relief efforts, promoting social responsibility, and underscoring the institute's commitment to societal welfare.

**Context:** In response to the pandemic, our institute initiated a community outreach supporting the Chief Minister's Relief Fund.

**Practice:** Emphasizing teamwork, empathy, transparency, and collective responsibility, it addressed challenges like staff financial constraints and remote work complicating fundraising.

**Success Evidences:** 82 employees contributed Rs. 8,56,463 highlighting the practice's effectiveness.

**Challenges and Resources:**

- Financial constraints for pandemic affected employees.
- Varying capacities led to potential inequality.
- Reluctance and differing
- Sentiments caused workplace tension.
- Utilized communication channels.

**Title:** Community Outreach for COVID-19 Relief during Lockdown.....

**Objectives:**

- Promote social responsibility and awareness.
- Address local pandemic needs.
- Support healthcare with essential equipment.
- Foster unity in the academic community.
- Encourage healthy practices among students.

**Context:**

- Addressed lockdown challenges.

- Focused on physical presence limitations.
- Ensured safety protocols and emphasized digital access.
- Organized donations to meet community needs.

#### Practice:

- Implemented tree planting and water conserving dam.
- Distributed masks, sanitizers, and food.
- Raised Rs. 66,000 for medical equipment.
- Celebrated Online International Yoga Day.

#### Evidences of Success:

- Engaged 649 students in community service and a COVID-19 quiz.
- Raised funds for medical equipment.

#### Challenges and Resources:

- Virtual engagement limits.
- Social distancing and distribution logistics.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The institution offers a diverse array of programs spanning Humanities, Commerce, Science, and Technology. It boasts recognized Research Centres, an extensive library, and an NCC unit, providing abundant opportunities for academic and personal development.

During the Covid-19 lockdown, the Institution demonstrated remarkable adaptability and flexibility, particularly in the area of online education. Its performance in this area was notably exceptional. With a clear emphasis on technological integration

and remote learning, the institution swiftly transitioned to virtual learning environments.

Employing robust virtual platforms, faculty members adeptly adjusted their teaching methodologies, engaging students through interactive online lectures, virtual labs, and discussion forums. The institution's unwavering focus on innovation and research was evident through successful virtual symposia and conferences.

Recognizing the importance of student support, the institution bolstered its online counselling services to address individual needs despite physical constraints. Additionally, its efficient assessment strategies were tailored for online exams, maintaining the integrity of evaluations.

The government of Maharashtra acknowledged the institution as a district counselling centre, tasked with addressing challenges related to university examinations and travel.

In the face of adversity, the institution excelled in its commitment to providing seamless, technology-driven education. Its adaptive approach and dedication to quality underscored its flexibility and commitment to preparing students for the demands of an ever-changing world.

### 7.3.2 - Plan of action for the next academic year

- To implement sustainable hybrid learning models that combine in-person and online education to ensure flexibility and adaptability.
- To invest in and integrate advanced educational technologies to enhance remote learning experiences and facilitate effective communication.
- To prioritize and enforce robust health and safety protocols to ensure a secure environment for students, faculty, and staff.
- To develop comprehensive crisis management plans to address any future disruptions, ensuring a smooth transition between different modes of learning.
- To expand mental health services and support systems to

address the emotional well-being of students and faculty affected by the pandemic.

- To foster collaboration and partnerships to facilitate knowledge exchange and collaborative research initiatives.
- To strengthen institutional infrastructure, including IT systems and online platforms, to withstand potential challenges and ensure continuity in education.
- To review and adapt admission policies to accommodate students who may have faced educational disruptions during the pandemic.
- To enhance community engagement initiatives to foster a sense of belonging, support, and inclusivity among students, faculty, and staff.
- To forge MOUs and collaborations with prestigious research institutes and industries through virtual platforms.
- Organize online social interaction events that allowed students to connect virtually with their peers and society.
- Organize guest lectures, workshops, and seminars virtually, covering a range of topics including gender sensitization and women's empowerment.
